Miller Cottages are now open!!

We're excited to announce the opening of our new transitional housing duplexes, providing safe, stable housing for families working toward long-term independence. These new homes represent another step in our commitment to strengthening the community by offering supportive environments where residents can rebuild, grow, and thrive. We look forward to the positive impact these duplexes will have for years to come.

No Summer Break from Homelessness

**YOUR COMPASSION WILL CHANGE
LIVES THIS SEASON**

Every year during summer months, CRM donations drop. Unfortunately, the needs of those who come to us for help don't ease up. We need donor support now more than ever! Please consider making a compassionate gift to provide the care, shelter, and services needed to help our neighbors get back on their feet.

A Letter from the Director....

Recently, I've been asked the same question repeatedly:

"How have recent federal funding cuts impacted CRM?"

For many organizations, that question brings understandable concern. However, Community Rescue Mission remains firmly grounded in the strength of our community support and private giving. Our mission has never depended solely on shifting government priorities, but rather on the faithful partnership of individuals, churches, businesses, and donors who believe in restoring hope and transforming lives.

Because of your continued support, CRM is able to remain financially stable while continuing to serve vulnerable individuals and families throughout the River Valley. At the same time, we recognize that economic uncertainty and funding reductions may limit the capacity of other organizations serving the homeless population in our region. In response, we are actively working behind the scenes to ensure we are prepared to assist as many families as possible during this challenging time.

Thank you for your continued generosity, prayers, and commitment to making a meaningful difference in our community.
